About the Service

In October of 2013, the St. Joseph County Transportation Authority took over the medical Escort Service, a service previously provided by the Commission on Aging. SJCTA obtained two drivers as well as two vehicles from the COA.

This service is available to any senior citizen of St Joseph County that is frail and in need of assistance traveling to medical appointments. SJCTA drivers are trained to assist a senior to and from the doorway of the home or office to the vehicle. If a senior is not able to safely go into the doctor's office by themselves, a companion will be required to ride with that senior at no additional cost. Seniors utilizing this service will receive a reminder call the night before the appointment. SJCTA staff may not in any way assume the responsibility of transporting an unconscious or heavily sedated person.
